Sub : Letter of appreciation

Dear Mr. Talesara,

We are pleased at the successful & timely completion of the DESA panels project. You and your team have demonstrated winning spirit and have done the job in a planned manner. The importance of timely completion is much more as you have done this against odds such as machine breakdowns & forced preventive maintenance in between the project execution phase.

We thank you and your team for supporting us and looking forward to similar support in future.

With best wishes,

Hemant C. Gole
